BUSINESS SEGMENTS

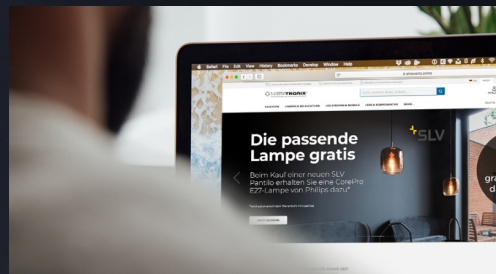

PRODUCTION

- OEM products
- Hardware development
- Software development
- SMD assembly
- Reel2Reel production
- Lamination LumProtect®
- Optical & electrical Control (AOI)
- Traceability

DISTRIBUTION

- LEDs: Nichia, Lumileds, Bolb, Seoul Semiconductor
- Lenses: LEDiL, Carclo, Gaggione, ARI
- Short delivery times
- Warehousing

ECOMMERCE

- Custom LED modules & Strips
- Standard LED modules & Strips
- Nichia LEDs
- LED Lamps & Luminaires

NUMBERS AND FACTS

	Fusion & Limited Liability Company Foundation	03/2005
	Company Building	4.400 m²
	Staff	76
	Turnover 2023 in Euro	11,5 Mio.
	Production Capacity Flex	12.500 m²
	Production Capacity Modules	Components: 400 Mio. Modules: 5 Mio.

20 YEARS OF INNOVATION

2000s:

E-commerce websites for LED lighting

2010s:

First LED lighting website to receive "**Shop of the Year**" award in Germany

First independent company to be appointed **NICHIA distributor for Europe**

Official partner for **SEOUL SEMICONDUCTOR, LUMILEDS, OSRAM**

Established cutting edge **RIGID MODULE** manufacturing facility with LEDs from Nichia, Semiconductor
LpS Award for "SUNLIGHT LUMINAIRE" in collaboration with Seoul Semiconductor and Toshiba Materials

2020s:

Established cutting edge **FLEXIBLE LED** module manufacturing facility, with new materials and reel-to-reel technology

Developed **LUMPROTECT** Lamination Technology, next generation **IP67 waterproofing** for flexible LED strips

SUSTAINABILITY IN PRACTICE

Sustainable and efficient products

Solar system with 100kWp
>50% of own demand

Certified Environmental Management according to ISO14001

Modern fleet with 100% electric and hybrid vehicles

100% green electricity

No fossil fuels for heating the building (since early 2022)

CUSTOMERS & INDUSTRIES FOR CUSTOM LED MODULES

STRONG BRANDS & PARTNERS

Official Distributor:

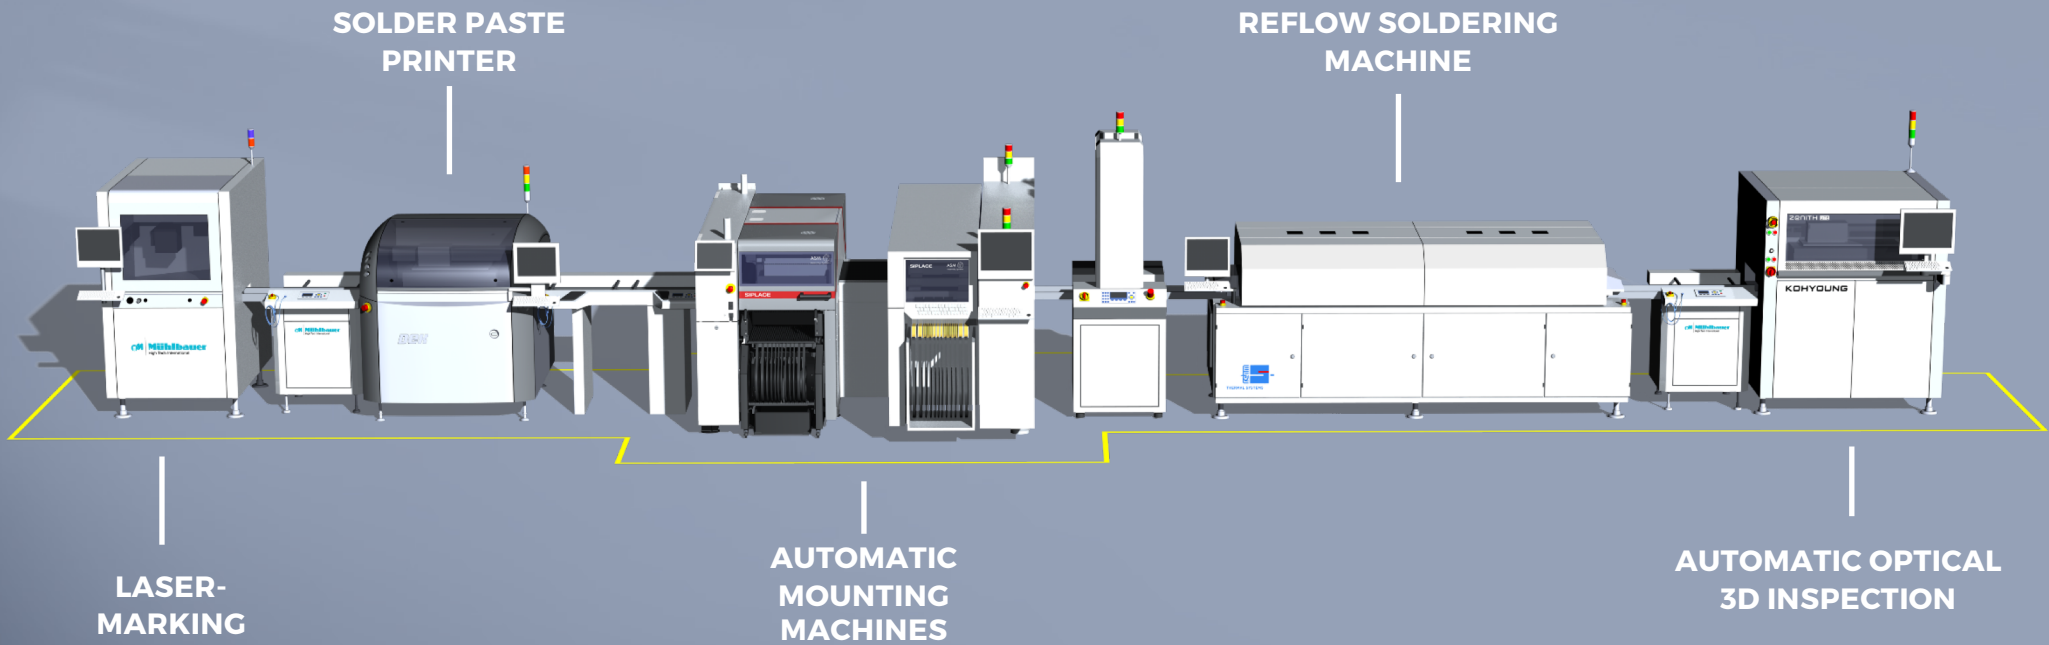

Certified Solution Partner:

Project Partner:

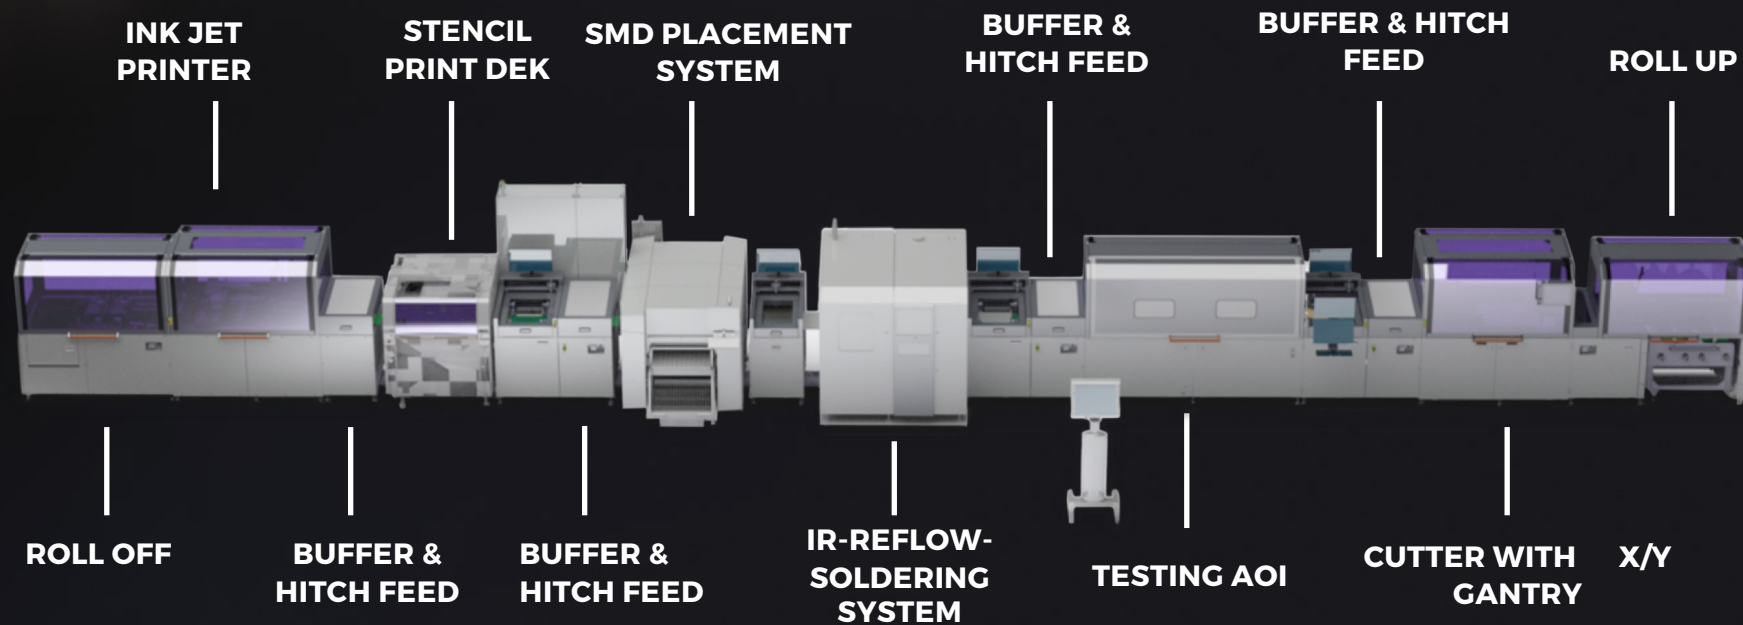

SMD PRODUCTION LINE (RIGID LED MODULES)

FLEX PRODUCTION LINE (R2R FLEXIBLE LED STRIPS)

ALL FROM ONE SOURCE
